sassglobaltravel.com/argentina

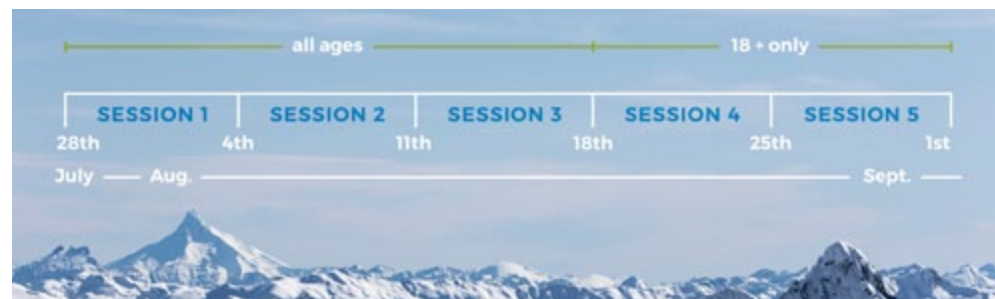

SASS Argentina is a full service, big-mountain, backcountry skiing and snowboarding camp for all ages. We take advantage of the winter season in the Southern Hemisphere to crush pow and hit natural features while others are sitting in air conditioning or sweating it out on a glacier.

We take over an entire hotel compound right at the base of Catedral Alta Patagonia, South America's largest resort. Every morning your team has the ability to choose how they want to spend their day on the mountain. Our guide staff will work with your coach to create a program that helps each athlete accomplish his or her goals.

This experience is the perfect opportunity for teams and individual athletes looking to push into the terrain they have always fantasized about. Come down with us and take advantage of the full-on winter conditions and utilize the big mountain playground that is SASS Argentina.

Our allstar cast of professional guides, coaches and logistics staff are here to take the headache out of planning a trip for a group. This is what we do. Airport transfers, lodging, food, lift tickets, guiding, supervision: All taken care of. We will put your crew exactly where they want to be starting day one.
